

HOLE-IN-ONE CONTEST FOR CHARITY GOLF OUTINGS

Heybike and GolfEbikes are teaming up to provide an ebike for Charity Golf Outing Hole-In-One Contests at no cost to the charity and no need to find a sponsor!

Ebikes on golf courses are the new way to play golf. They are fun and they speed up the game because you can ride straight to your own ball and not have to sit and wait half the time watching someone else play.

The proprietary Bag Carrier can be attached and removed from the side of the step-thru Heybike Ranger in 3 seconds without any pins or bolts. It holds any size golf bag and tilts out into a rock-solid kick stand, then automatically pivots back to the vertical carry position. Balance is automatic...you can't even feel the weight on the side of the bike.

The Heybike Ranger can be folded and put in your trunk! Or you can ride it to-and-from the golf course. Bicycle rules apply, so no license is required. The fat floatation tires have less impact on the grass than a conventional golf cart. It has intelligent pedal assist, or you can use all throttle and ride it like a scooter. So you can get as much or as little exercise as you want. It has safety features including disk brakes, headlight, horn, and a flashing brake light. It is a deluxe ebike with mag wheels, front shocks, a soft suspension seat, and a powerful 15 amp-hour battery that will easily last 2+ rounds.

Requirements

There is no cost or insurance fee to participate. We only ask that you make a sign at least 2x3 feet for the contest hole and print 1 page color brochures for each player's cart bag or packet. We will provide PDF's for these items. We also ask that you promote the Contest on your event website and other pre-event promotional materials. The contest hole needs to be at least 140 yards. There are no minimum requirements for the number of players. You will need to provide a witness at the contest hole at least 18 years of age who will sign an affidavit if someone wins. Or, if one of our customer-volunteers is available, he or she can be the witness. If your event produces a winner, we will promote it and your charity in various public media. You will need to provide pictures of the winner beside the sign.

This contest is only available in the Lower 48 States.

Sign Up

If you would like to offer the Ebike as a Hole-In-One Prize at your event, please send an email to sales@golfebikes.com with your event details including the date, location, and any brochure or link about the event.

We look forward to helping you add some excitement at your event this year.
